“ I can remember, jimmy always being the light of the party, he always always always lit up the room, just when he smiled, my cousin, was the best thing to ever happen in my life, if it wasnt for jimmy (and my parents) I wouldn't be as strong as I am today, granted I know that I didn't visit you a lot, or talk to you often, but I did grow up beside you(as far as after 1999) and I do love you, and I will miss every single second of you, my first sleep over was over at you and aunt stevies house because we lived so close together, if I could have a whole day in heaven I'd spend every single second with you, thank you for all the good memories, all the crazy awesome sleepovers you threw for us girls, until we see each other again cuzzo, I would post more memories, but there's so many good ones to tell, ready in paradise cousin, I love you.
