“ *Arthur Johnson had a good life and was well respected by all who came to know him. He served his country honorably in the United States Air Force. He worked his way up through the ranks within the United States Postal Service, achieving the position of Superintendent of Postal Operations. He was regarded as a very intelligent man. He married the love of his life, Audrey and they became proud parents to four beautiful daughters, Jacquelyn, Cynthia, Michelle and Audrey. He was a great step-father to James and Anthony. Art was an avid golfer and had a tremendous passion and respect for the game. He was a charismatic individual and had a fantastic sense-of-humor. Another great love of Art's was the St. Louis Cardinals baseball team. He was thrilled to see them win several World Series Championships during his lifetime and listened on the radio as his childhood hero, Stan Musial batted at Sportman's Park. Art had a very laid back personality and one could always feel at ease around his smooth southern drawl. He was a great provider for his family and loved them all dearly, especially his grandchildren. He was admired and leaves with us a lasting legacy.*
