“ I am so sorry to hear of Dr. O'Brien's passing. I can't even begin to describe how much he meant to me in my life. He always had time for me. He was so very kind, but if he needed to let you know that you weren't taking care of yourself very well, he would mince no words. He cared very much for all his patients. Fly high Doc, Fly high.

Cathy Blasco

Condolences from the Blasco family (John, in Orlando, Florida).

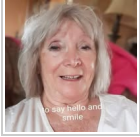

If John was injured on the road (trucker) he'd wait to see Doc O'Brien if he could. Four/five times!

Delivered John's daughter, Tosha, in his golf shoes.

Diagnosed both parents: Joe Blasco and Dee Blasco with cancer.

There are no words to express our feelings to Dr. O'Brien's family for their loss. Many heartfelt condolences.

“ Dr. O'Brien was a great Doctor and friend. He will be missed by so many. In 2,000, I took Don to the ER. Dr. O'Brien was on duty and scheduled scans for next day as he didn't think it was just the flu. It was a 7.5 aortic aneurysm. He and Barb left for Florida the next morning so he never knew he saved Don's life until a few months later. The other doctor questioned the scans the next day. Boy was he surprised when the results were found.

“ What a great Dr./neighbor/friend! Early memory- I was 3 or 4 when I fell out of our neighbors, the Abrahams tree. Dr. O'B.had hurt his back and was recuperating at home so he drove his car full speed thru their yard to check if I'd broken any bones. He was always kind/gentle. Can still see him mowing the lawn and watering bushes in his scrubs after work....

He and Barb were wonderful to my mom the last few years of her life...I will always be grateful.
