“ We are Larry/Judy Bingham and we both have memories of Howard coming from separate lives. I first knew Howard from the farm before Army days and all the Brothers working the family farm. I was younger and would ride my bike up to the Miller farm and spend the day and usually to late so Bill would load up my bike and bring me home which was Enos so about 9 miles and of course other friends were there to so a car load. Howard was always such a Happy person and you would never know if things weren't good, and he never lost his love for life and family. We are honored to have known him and will miss that smile and laughter.
