“ Joe,
*I finally am getting around to writing this. I was shocked to hear of your passing . I tried so hard to keep in touch with you but we lost touch again . I think of you often and it puzzled me to hear you were in a nursing home . I could never find the reason why . My friend I have a bunch of memories of you and Roseanne. I pray that you two finally are again with each other . I know you loved her so . I tried to reach out and find Jay and Michael but I wasn't having any luck. I'm so sad I was there to be able to help you with whatever was happening. I try and keep of memories alive and there are a lot from the almost 50 years we were friends
Love you my friend*

DR

Big Joe just wanted to say to you that you and Roseanne were a second father and mother to me. We lived nextdoor to each other for almost twenty years. You introduced me to construction work after my enlistment. You guys kept us on the straight and narrow. Have to say loved all of you very much. Reached out to Jay he lives in Sheboygan Wisconsin. May God bless you and Roseanne. We will see each other again some day. Love you.
