“ *Brenda we wanted to say thank you for all the love and care you provided Larry during his illness. It made life easier for the family knowing he had you. Words can never express the love and gratitude we feel. Larry is at peace now and out of pain. Once again he's whole and healthy. He may not be there physically but he will be with you always. Time doesn't take away the loss but over time the pain lessens to where we're able to move on. Don't forget we will always be there for you, you will always be family. Big hug coming your way.*
