“ *My fondest memory are family get togethers. I always looked forward to her beautiful, warm, and welcoming smile. We'd sit and talk about recipes. Wow, she was an awesome cook! She always made sure that I got some of her homemade potato salad, knowing that I absolutely loved it! She will be forever missed! I love you Grandma Schichner!*

“ So many memories it is hard to pick just one, but one great weekend that I spent with grandma was when she came to Moweaqua to celebrate with her highschool graduation class a reunion with all alumni classes of Moweaqua highschool. I went with Jeanne since I also graduated from Moweaqua high before the school changed its name to Central A and M. I was the youngest member attending the alumni banquet and was greeted with open arms by all the people attending. Jeanne knew almost everyone there and as we made our way around saying hi to everyone I learned so much history about the town I grew up in and the school I attended for highschool. <http://www.illinoishsglorydays.com/id531.html> is a link to the highschool that Jeanne attended. During the history lesson I walked through the school with Jeanne and her friends, while we were in the school library Jeanne showed me her graduating high school class picture. That class picture is still hanging in the school library at Central A and M along with my graduating class picture. This was the day that I became very interested in family history and learning more about the past. With Jeanne and her brother Dick Workman's help I was able to make a family tree. Through that process I have learned so many fun, sad, and wonderfully hear warming stories. I feel like I didnt get a chance to hear every story yet and wish we had more time. Jeanne also taught me how to cook during most of our talks. While peeling potatoes she told me my cooking skills were not a complete loss since she rescued me. I will miss those one on one moments with Jeanne the most.
