“ Becky,
I am not sure you remember me but we went to Jordan school together. So sorry to hear about your loss. I just found this out-we were out of town for a couple of weeks. I have such fond memories of your mom back in the day when we were young girls and all of our moms took care of us. Even when I would see her over the last few years she always remembered me and had something pleasant to say. She always made me feel so good. We are so lucky in small communities to be so close and I will always cherish those memories.##imported-begin##Deana Putt George##imported-end##
