“ This is the day I will see my best friend Mary Filson lying in a casket. Never thought it would happen this quickly. Never even thought it possible to loose her. Even though she was so sick, I would wear rose colored glasses to prove to myself (make myself believe that I would have her till the day I passed too). It didn't happen like that. Time to take my glasses off, because it is real. Thoughts of you have been going through my mind over and over...and I have such deep memories of you filtering through, all the years 48 to be exact, you and I were the best of friends. Nothing could ever separate us. Mary, my friend...I will love and miss you till I see you again.  
.your best friend.

“ Rest easy Aunt Mary, you were always somewhere around my whole life and our families also around each other in one way or another. I feel deeply sad for we will miss hearing you singing your songs, laughing and making everyone smile around you. I wish for everyone that things did not unfold like this for you over the past few years. You did try hard....Just know you are missed by many, loved by all and never forgotten.....until next time
