

## Dr. Michael Louck

February 8, 1942 - November 3, 2015

Dr. Michael Louck, age 73, longtime resident of Rensselaer passed away at his home Tuesday, November 3, 2015. He was born in Frankfort, Indiana on February 8, 1942, the son of Clayton and M. Evelyn (Ham) Louck.

Michael did his undergraduate work at Indiana University, graduating from the Indiana University School of Medicine in 1967. He did his Internship and his Residency at St. Joseph's Hospital in South Bend, Indiana. He moved to Rensselaer where he was a self employed family practice doctor at the Clinic of Family Medicine until his retirement in 2011. Dr. Louck has been the Jasper County Health Officer since 1972, and was involved with the Rensselaer School District Health Clinic. He served in the United States Army from 1969 - 1973, achieving the rank of Major.

Michael was affiliated with the Trinity United Methodist Church in Rensselaer and a member of the Lions Club International. He loved music, especially playing his banjo. His favorite pastime was being involved in activities with his children and his grandchildren.

On September 1, 1962, in Frankfort, Indiana Michael married Bonnie Hutchison who survives. They became the parents of seven children, Kim (Trena Cole) Rushing, Carrollton, TX; Stacy (Stephen) Sturgeon, Logan, UT; Michelle (William) Smith, East Liverpool, OH; Heather (Mark) Heinig, Rensselaer, IN; Matthew (Christine) Louck, Brownsburg, IN; Kerri (Douglas) Frantz, Broomfield, CO; and Christopher (Kristen) Louck, Rensselaer, IN. Other survivors include 17 grandchildren and two sisters, Nancy Louck, Joliet,

IL; and Libby (Emmett) Ade, Frankfort, IN. Michael was preceded in death by his parents and one brother, Stephen Lloyd Louck.

Friends may visit with the family on Friday, November 6, 2015, from 3:00 to 8:00 p.m. at the Jackson Funeral Chapel of Rensselaer. Funeral services will be held on Saturday, November 7, 2015, at 11:00 a.m. at the Trinity United Methodist Church of Rensselaer with Pastor John Hostetter officiating. Burial with military honors will follow at Memory Gardens Cemetery in Rensselaer. The family suggests in lieu of flowers memorials be made to The Fendig Summer Theatre for Children, Franciscan Home Care (Hospice), Lions Club International or the Trinity United Methodist Church of Rensselaer.

“ *Dr. Louck was truly our family doctor!! Both for my family and my husband's. We were some of his first. My mom prayed for a doctor and God gave us all the best! He would sometimes need to send us to specialist and he said, I will send you to who I would send myself or wife or children and he did! It was also always the best! Now we have Christopher who is so much like his dad and we are blessed again! Oh how proud Dr. was of all his children! But how wonderful to have a son with his own clinic- called Louck Family Clinic! I am sure Dr. Louck is giving his Jesus a banjo concert and leaving the doctoring to you now Christopher as he and everyone in heaven are well, at peace and happy! Sending many prayers and many thoughts and love to his wife and children and grandchildren who love him dearly and have this grief and sorrow to bear. He was one of our great blessings!*

“ My utmost condolences to Bonnie and all of Mike's children, grandchildren, and family and friends. I was the County Sanitarian for Mike for five years until I completed my undergrad degree at Saint Joseph's and left for Law School in Indianapolis. He was my boss, but he never made us feel like subordinates -- just a family and a team. There are many times that stand out in my bank of memories of Mike, but two that I will never forget:

*Mike always took Thursdays off from his practice and it was no problem finding him on those mornings -- he would be with Christopher, down at the Public Library for the children's story telling. To see him sitting there with Chris in his lap, a crooked little smile on his face as he gazed at Chris' enjoyment -- it was obvious that his greatest of pleasures was in pleasing his family. I am sure that he must have been in Heaven early with all of his grandchildren.*

*The second involved my education -- he allowed me to work my schedule around my college hours. The County got every hour they were entitled to and more, but I was able to secure a first-class education as well. I began applying for law school in early 1985. It was on a Tuesday when I received the acceptance to the school I favored most, and called Mike's office asking to meet with him. Late that afternoon, I entered through the back door, nervous to make this announcement. He asked what was up and I just handed him my letter of acceptance. He read it, and looked at me with a twinkle in eye. He groaned, "Oh God! You're going to be a \*\*\*\*\* lawyer!" and then laughed. He shook my hand and congratulated me -- I knew then that he was proud of me, and genuinely glad that I was trying to make a better place in this world for me and my family.*

*My mere words cannot express the depth of feelings I had for Mike, who was not only my boss, but my mentor and friend as well. To Bonnie, and the rest of the family -- thanks for sharing this great man with me... Dosvydonia. Mike!*

“ I first met Dr. Louck when I took my mother to Jasper County Hospital emergency room in the early 80s. He was so composed and soft-spoken, funny and kind that I asked him to be my physician. He served me well for the remainder of his medical career, but the unexpected bonus of that partnership was that we shared a trusting friendship. When my life took turns and twists he was always my supporter, my friend, and my guide. My prayers are with his family for their loss, but in my heart I know that Dr. Louck is waiting for us patiently in the glory he earned through his compassion, his comforting ways, and his care for others. His rest is well-earned.

“ We mourn the loss of this wonderful compassionate human being. All those who worked alongside him in his chosen profession were humbled by his intuitive sense and diagnostic accuracy. He approached his patients with such humility and dignity he was loved by colleagues and patients alike. Above all he approached life with a great sense of humor always seeing the funny side of things. He will be remembered with fondness and great sadness.

“ I remember Dr. Louck when he did his residency at St. Joseph Hospital in South Bend, IN. I was already working in the lab. What a surprise to see him and Dr. Ahler both at Jasper County Hospital when I started working in the lab there.

I will always remember Dr. Louck for his calm, easy going manner and his infectious laugh especially in the middle of the night when we got called to the hospital.

His joy and pride in Bonnie and all his children was special to see and hear about.

He will certainly be missed.

“ *Dr. Louck was one of the nicest, most down to earth, and friendliest person that i have ever met. He was my doctor, and a good one, but more importantly my friend. He loved his family and it certainly showed. Our family (my wife Lynne, our children Joy, Jill, Doug, and Adam) lived in Rensselaer from 1970-87, and then moved to Lafayette IN. Lynne died in 2002 of cancer. I have many memories, but one statement he made to me once still brings a smile to my face. We were just visiting and started to discuss a sale in Rensselaer at one of the local stores. Don't remember the store and it doesn't matter. What I do remember is Mike staying "Larry, when Bonnie has a sake at her place of business, it is really a sale"! I have no doubt that was true, however it also underscores Mike's sense of humor. He enhanced my life by being in it! My prayers to Bonnie and the entire family.*

When I found out I was pregnant with my first child, I switched to Dr Louck. He didn't even know what he charged for delivery. He sent his nurse for his list. I askdd him why and he said it wasn't his priority...he loved delivering babies. He was excellent at it. When I was diagnosed with ulcerated colitis, he helped in every way with my specialist....He wasn't just a dr...he was an angel!!! I love you Dr Louck and always will!

“ *I gave Doc a "World's Greatest Doctor" statue in 1977, when I was at the county hospital close to Christmas with a ruptured appendix. To this day, I still consider him the best. My condolences go out to his family. His kindness to a scared 11 year old was never forgotten.*

“ Bonnie and family, I am so sorry. Doctor was such a kind and loving doctor. As a mother of 2 children, one a special needs child he told me to call him at home if I had any problems. I didn't all a lot but know I intruded on family time once in a while. All that to say it isn't every doc that allows you to call at home. Liked his laugh and humor as well. As a nurse , I found him a joy to work with. Merrie Etta Stowers Seymour

“ Dr Louck was a kind and skilled Doctor who delivered our first child (we actually wondered if he would get to the hospital in time, since my labor went quickly and he was at a banjo lesson without his pager! I think baby arrived less than 30 mintues after he got to the hospital). We lived in Rensselaer for less than 1 year but we so appreciated Dr Louck's kind care and calm manner. A few years after leaving Rensselaer we moved to Nairobi, Kenya where we serve at a Christian International school and our baby that he delivered is now a senior in high school. Sending our sympathies to the family, and our gratefulness for Dr. Louk's life and service.

“ It was always a pleasure to work with Dr. Louck in the ER. He always had a calming presence, quick wit, and always had the right answer, even to the most difficult of situation.

*He was a fascinating physician to watch and learn from and I am honored to have had the ability to learn from him.*

*I could not begin to imagine the number of lives he has touched - babies delivered, wounds healed, and lives he has saved. As one of his patients and as someone who witnessed his craft in the emergency department, I thank you for your service to me; all of your patients and to the community.*

*Rest in peace Doctor Louck.*
