“ I will forever miss you my dear cousin, you are more like a brother. I cannot share just one memory as we have a lifetime of them. My family and yours grew up being together so often. Playing tether ball, playing cards, watching movies, many cookouts. May God be with everyone, so many lost in a short time Ted, Kathy and now Mike. I love you all: Steve and family, Brandon and family, sue and family, AJ, Matt and their familys. Dawn and Amanda and families. And everyone else.
Hug all the loved ones who greeted you in Heaven Mike.
