“ *Knowing you since high school, you had never changed. I will never forget your smile, your kindness and just being you. Monday as I was sitting at the Primary school and you were heading to go get your others kids and we made eye contact, i would have never thought that would be the last time I would see you driving your bus. When I received the phone call I couldn't believe it. But one thing I will say is.... God received a beautiful Angel Monday night. RIP Patti*

“ It was a pleasure to get to know Patti when Philip was in preschool. She would sometimes take my daughter out to the farm after class to play while I taught my afternoon class. Patti was also a "willing" volunteer to step out and go camping with me and our girl scout troop. That weekend had two very interesting/weird/creepy events happen and Patti made it through with flying colors! Her joy, smile, and down home common sense always turned a dim day into a bright one.
