“ The days I spent with Rocky were some of the best days of my 16 years of existence. He always had such a light about him. Everytime I'd go to visit with him, we always had the best time. From singing country music to talking about life and stories he always made me feel like family. Rocky was possibly one of the most brave people I have ever known. He had gone through so much during his life and yet he always seemed so positive. I will never forget the time he had a creepy roommate and we were visiting and that guy could not stop talking to us, so finally Rocky said "man you need to shut up" and I practically died from laughter. Another time I will never forget is when he proceeded to tell his dad that he had a 16 year old girlfriend and yet again I nearly exploded from laughing. We always had so much fun. Rocky was like my brother and I loved him so much. Meeting Rocky has changed my life and I will never forget the times we spent together. I will always remember Rocky and he will forever be in my heart. I extend my condolences to the family and wish everyone my best. Rest In Peace Rockster. I love you buddy! “ I know you don't us but Rocky was at Rens. Care when my Mother was there. He didn't know us by name but he always had a smile for us or a wave. His family has our sympathy. Spider and Barb Sigo from Lafayette###imported-begin###Barbara Sigo###imported-end###

“ My heart goes out to your family over this great loss. I so much enjoyed the time that I spent with Rocky. I used to work in the activity department. Rocky and I had such a great time together. We enjoyed spending time together and I tried to get him out on outings as often as I could. He totally enjoyed going out and doing different things. Even after I was no longer an employee of the care center, I made sure that I visited with him when I could. He would surely make me laugh with his great sense of humor and he always had jokes to pass along. Will certainly miss him. LOVE YOU ROCKY.##imported-begin##Suzette Yoder##imported-end##

“ Rocky and Donna, first off I wish I could be there for you in your time of loss. Rocky meant the world to me and I will miss him dearly, he was a big part of my life. I enjoyed the time we spent together and he has a special place in my heart and in my life. He was more than a patient to me, he was one of my best friends. Taking care of him was not a job to me, I enjoyed having his company and he could always bring light to any situation I was facing. My thoughts and prayers will be with you not only today but forever. My deepest sympathies, Anita.##imported-begin##Anita Ricci##imported-end##
