“ I will always remember how Taleena picked me up and took me under her wing. She made me feel normal. She made me feel loved and gosh did we laugh. I'm gonna miss that smile, that laugh, her telling her she missed me and loved me. I'm gonna miss her hugs and our garden times, iykyk :) she may physically be gone but she is still with us always. She in no more pain and now she just gets to be silly and scare us whenever she wants :) this is a hole in my heart that will never be filled. I feel honored and privileged to call Taleena my friend and even more, my family. I will love you always to the moon and back Beaner. She's still with us. Don't forget.
