“ *I watched your mother's, grandmother's and great grandma's funeral service online. It was a very special and meaningful service! She and I had such good times together throughout our school years. We laughed so much together. And I am so happy I got to see her a few times in the past couple of years. It was great we reconnected!*

*Hi Mary - wasn't sure if Bruce found your number in Mom's phone. We were looking all over Facebook because you had messaged me in the past. I'm glad you could watch it online tho. She talked about you a lot & also told everyone about your long phone calls the last couple of years. ❤️*
