“ *Where do I begin, as i have so many memories of Wilma. I guess my favorite is when she had a little dog named Charmin who i just adored... until Wilma came home and that dog ran from me to run to her and never left her side and didn't like anyone coming near her lol. My other favorite was when I worked under her at the Truckstop and she stood up for me to the 3rd shift cook who was non too pleasant with me. Wilma took care of that and made sure it never happened again. Oh hope I miss her and love and kindness she showed me by organizing a dinner for me after my daughter's funeral. Love and prayers for the family.*
